

Table 4 Reasons attributed to deviation of time to start radiation, dose of radiation and time to complete radiation

Deviations in Time to Start Radiation	43
Preceding treatment outside	21
plus unable to attribute other cause	13
plus logistical challenges	3
plus second opinion	3
plus delayed postop imaging	1
plus postop complication	1
Medical delays	3
Delayed postop imaging	2
Logistical challenges	2
Travel to distant home	2
Family needed convincing	1
Unable to attribute cause	12
Deviations in Total Dose Delivered of Radiation	11
Abandoned treatment	1
Unable to attribute cause	10
Deviations in Time to Complete Radiation	45
Myelotoxicity	31
Skin toxicity	1
Unable to attribute cause but excluded myelotoxicity	9
Unable to attribute cause	4
